CESI

For more than 75 years, Coward Environmental Systems, Inc. has been representing leading manufacturers of environmental and air management systems.

CESI represents innovative commercial systems in cooling and heating air handling units for pharmaceutical, healthcare, and education industries.

BREATHE EASY

Coward Environmental Systems, Inc. (CESI) partners with industry leaders to bring you cutting-edge solutions for your indoor air needs. We work with our manufacturing partners to deliver greater efficiencies, improve performance, drive electrification, save costs, adapt to building requirements, and reduce delivery times.

OUR TECHNOLOGIES

Air and Acid Scrubbers
Air Flow Monitoring
AHUs
- Adiabatic
- Custom AHUs
- DX
- DX Units (including indoor ducted condensing units)
- Hydronic
- Modular AHUs
- Stacked
- Vestibules

Air Rotation
Air Purifiers
- Ionization
- Ultraviolet

Central Utility Plants (CUPs)
- Mechanical Rooms and Penthouses
- Offsite Build

Chillers
- Adiabatic
- Air-Cooled
- Heat Pump
    - 2, 4, and 6 Pipe
    - Simultaneous HW and CW
- Modular
- Oil and Oil Free
- Specialty and Process
- Water-Cooled

Cleanrooms
- Filtration
- Modular Components
- Pharmaceutical Grade
- Surgical Grade

Coils
- Condenser
- Integrated Face and Bypass
- Process
- Standard
- Steam Distributing

Dedicated Outside Air Systems (DOAS)
- Energy Recovery
- Liquid Desiccant

Dehumidifiers
Dust Collection
Energy Recovery Ventilators (ERVs)
Electrification Solutions
Fans
- All Types and Custom Fans
- Fan Walls
- High Plume Dilution System
- IRIS Damper
- Lab Exhaust

Filtration
- Bag-In/Bag-Out
- Gas Phase Filtration
- High Purity (HEPA) Air Filtration
- ULPA Filters

Fume Exhaust for Labs
- 100% FRP Construction

Energy Saving Technologies
Equipment Skids
- Braised Plate
- Plate and Frame
- Pumps
- RO or DI

Heat Pumps
- Ceiling Ducted
- Ceiling Suspended
- Geothermal
- Wall Mounted
- Water and Air Source

Heat Rejection
Humidifiers
- Adiabatic
- Direct Injection
- Electric to Steam

Make Up Air
- Gas Fired

Operating Rooms
- Controlled Ventilation and Air Distribution
- Hybrid Operating Rooms
- Modular Ceiling Systems
- Modular Walls, Floors, Doors, Ceilings, and Wash Basins
- Surgical Suites

Water Saving Technologies
Weather Enclosures
